

BWF Shuttle Time Photo of the Year 2024

Introduction

The BWF's flagship programme - Shuttle Time – has experienced tremendous growth, with over 160 countries implementing it. This success is due to the creative and innovative ways the BWF, Continental Confederations, Member Associations and international partners have delivered and adapted the programme to meet global, regional and specific badminton and social development goals.

The BWF is, therefore, pleased to launch the first edition of the **Shuttle Time Photo of the Year** to provide recognition to Member Associations who are actively delivering Shuttle Time to children, students, adults, elderly and more.

This application pack provides details of the BWF Shuttle Time Photo of the Year and the process by which Member Associations can apply to be considered as part of the 2024 BWF Shuttle Time Photo of the Year.
